Once you locate your site choice and click on “Schedule Appointment,” you must choose the date you want to take the CAT. You will only be able to select dates highlighted in blue. Once you choose the date, you will need to choose the 10 a.m. (displayed as 10:00) session or the 3:30 p.m. session (displayed as 15:30).

If a site no longer has any available dates or times, you may use the “Back” button to search for other sites or dates. In the following screen shot, the candidate has chosen 28 November (it is highlighted in orange), and selected a test time of 10:00.

After you have made your site, date and time selections, you must click on the “Next” button. You will see a Summary of your appointment information. At this point, you may still use the “back” button to make any necessary changes.

If all information on the Summary page is correct, you must click on the “Submit” button. Once you submit your scheduling preference, you will see a confirmation screen. You should read the confirmation screen, then click on “Finish” to complete the scheduling process.

After you select Finish, you will be sent an email Admit Card within 24 hours.
